06 DYSON DC31 VACUUM

Thanks to its efficient motor, the DC31 vacuum delivers 50 percent more power than conventional handheld models. A dual-power mode allows users to determine whether they need a longer run time (38 watts) or the strength to clean stubborn dirt (65 watts). The machine weighs only three pounds. www.dyson.com

07 MIO COLLECTION ALPHA SHELVING

Pearson Lloyd's shelves, available in the United States from Jane Hamley Wells, come in a choice of birch, walnut, wenge, and oak veneers, with gloss- or matte-lacquer finishes in a wide range of colors. FSC-certified veneers are available upon request; all finishes are sustainable. www.janehamleywells.com

08 CONRAN SHOP BAMBOO KITCHEN ACCESSORIES

Part of the Conran Shop's affordable Well Considered collection, the contemporary bamboo utensil set and chopping board are handmade in Vietnam using traditional craft methods and renewable resources. www.conranusa.com

10 MIO PAPERFORMS TILES

Jaime Salm's lightweight three-dimensional wall tiles are made of 100 percent wastepaper in a closed-loop process. They come in packs of 12, are suitable for painting, and can be applied temporarily with double-stick tape or permanently with wallpaper paste. The Ripple pattern is shown here. www.mioculture.com

09 ARCHITECTURAL SYSTEMS WAVE PINE TILE

Made from organic pine, this lightweight mosaic tile has a natural mesh backing that allows installation on straight or curved walls. Featuring eco-friendly lacquer and adhesives, it is available in a semimatte finish or a custom stain. www.archsystems.com

11 LIGNE ROSSET SPLIT DESK

Meike Russler's desk is a reinterpretation of the classic secretary and comes with a top finished in a sustainably harvested walnut veneer and a base of black-lacquered steel. It has two sliding storage chests, niches for paper and office equipment, a dock for plugs, and a pivoting lamp. www.ligne-roset-usa.com
