# ASI Hardwood Flooring V

ASI Hardwood Flooring V offers engineered, prefinished hardwoods in an edited selection of species, with a range of light to dark woods. Design options include fumed Oak and herringbone patterns in Oak and Dark Walnut. Available in 7 or 5-ply construction with high performance wear layers, this flooring is ideal for any commercial environment. Many of the species are FSC-certified, (with the remainder pending), and they are all Lacey Act compliant, demonstrating exceptional manufacturing processes. This collection also meets the LEED requirements for low-emitting finishes and no-added urea-formaldehyde in the composite wood. Please note that variations in color and texture may occur due to the nature of the material. For updates and complete collection offerings and specifications, please visit [www.archsystems.com](http://www.archsystems.com).

## Light Woods

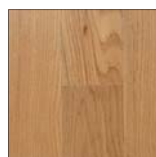

White Oak

## Specifications

- **Thickness:**  
Planks: 9/16"  
Fumed Oak: 9/16"  
Herringbone: 3/8"
- **Width:**  
Planks: 3 1/2", 5"  
(SKUs listed are for 5" W, FLDRD009\* available in 3 1/2" W only)  
Fumed Oak: 7", 3 1/4"  
(SKUs listed are for 7" W)  
Herringbone: 2 3/4"
- **Length:**  
Planks: Random lengths 18"-48"  
Fumed Oak: 84" (7" W),  
Random lengths 18"-48" (3 1/4" W)  
Herringbone: 19"
- **Construction:**  
Planks: Engineered on a 7-layer birch substrate with 3mm wear layer, micro-bevel edge  
Herringbone: Engineered on a 5-layer birch substrate with 4mm wear layer, square edge
- **Finish:**  
Commercial urethane with aluminum oxide
- **Grade:**  
Select, some fumed
- **FSC-Certified**   
(contact [sales@archsystems.com](mailto:sales@archsystems.com) for available species)
- **LEED®:**  
Can contribute to LEED® MR Credit 7: Certified Wood; IEQ Credit 4.2: Low-emitting paints and coatings; IEQ Credit 4.4: Composite Wood & Agrifiber Products; and ID Credit 1: Innovation in Design
