

NEW

Many ASI products are able to be fabricated into finished tabletops, and we are now introducing the ASI Table Collection! This offering features our popular Tropical Veneer Collection and Tropical Organic Mosaics, with the texture and colors of the natural materials beautifully realized in a durable, clear poly-resin finish. The tables are available in a range of edge options, including bevel, self, flat, and bull-nosed; with custom capabilities. There are 6 standard sizes for rounds, and four in rectangular and square shapes. The collection is ideal for any setting where a distinctive design choice is desired.
