Envision® Wood: Natural Wood Planks, Artistically Crafted  
with the Ease of Self Adhesive Application

**NEW YORK, NY (July 27, 2016)** – Architectural Systems Inc. enhances ASI Wood Panels with the launch of self-adhesive backed, **Envision® Wood**.

Emulate nature with the unique preselected combinations of stained maple planks in **Envision® Wood**, the next generation of **Interwoven Eco-Panels**. Available in 3”, 4” and 7” widths, 12”, 36” and 48” lengths these sustainable, 100% real wood planks provide a simple and quick installation method for a rustic, modern style.

“Envision® Wood is an excellent addition to one of ASI’s most specified collections, Interwoven Eco-Panels,” stated Nancy Jackson, President of Architectural Systems. “This well received product adds a contemporary, warm feel to any space and is perfect in all market segments.”
