

## Artisanal Hardwoods: Iconic Wide Planks With A Rustic Richness

NEW YORK, NY (August 25, 2016) – **Artisanal Hardwoods** is a curated selection of white oak and walnut species in light to dark shades that make iconic hardwood planks look fresh while maintaining a rustic richness. This luxuriously crafted engineered hardwood with micro bevel edges creates an impactful design statement. Added features are the ultra-matte, uv-cured polyurethane, scratch-resistant finish and it is composted 100% PEFC Pure materials, CARB Compliant and Lacey Act Compliant to meet any sustainable project criteria.

"The graduations of this color palette and the subtle texture capture the character of this hardwood collection and make this an exciting edition to our robust hardwood offerings," said Nancy Jackson, President of Architectural Systems.
